EDUCATION

PhD in Economics , CEMFI Advisor: Natalia Fabra	2029 (<i>Expected</i>)
Master in Economics and Finance , CEMFI Specialization: Microeconomic Analysis, Markets, and Competition	2025
MA in Economics , Sabanci University, <i>High Honors</i> Thesis: An Experimental Study of Bilateral Dispute Resolution Mechanisms	2023
BA in Economics , Bogazici University, <i>Honors</i>	2021

RESEARCH

Research Interests: Industrial Organization, Energy Economics

Work in Progress

Market Integration in Natural Gas: Evidence from the Spanish Market

This paper studies how market integration can improve efficiency, using Spain's LNG system as a case. Previously, trading occurred at separate terminals, requiring local coordination between buyers and sellers. We develop a model showing that such fragmentation creates local imbalances that distort prices and trade, while integration increases transactions, reduces transport costs, and promotes price convergence. Using detailed data on LNG shipments, terminal activity, and wholesale gas trade, we find that Spain's move to a unified trading system increased trade volume, improved terminal utilization, and led to more efficient routing. The results highlight how market design can reduce spatial frictions and enhance system-wide efficiency.

RESEARCH EXPERIENCE

Research Assistant for Natalia Fabra, <i>CEMFI</i>	2025 - <i>Present</i>
Research Intern, <i>SHURA Energy Transition Center</i>	2025
Research Assistant for Gerard Llobet, <i>CEMFI</i>	2024
Research Assistant for Asli Ceren Cinar and Ozgur Kibris, <i>Sabanci University</i>	2023
Research Intern, <i>Istanbul Policy Center (IPM)</i>	2021

TEACHING EXPERIENCE

Teaching Assistant , CEMFI Energy Economics, Regulation and Competition Policy	2025
Graduate Teaching Assistant , Sabanci University Graduate Microeconomics II, Industrial Organization, Graduate Macroeconomics I, Microeconomics, Game Theory, Advanced Microeconomics	2023 - 2025
Lecturer , Sabanci University Summer High School Economy, Money, Finance, and Your Future	2024
Undergraduate Teaching Assistant , Bogazici University Special Topics in Taxation, Public Finance	2023

ACADEMIC ACHIEVEMENTS & SCHOLARSHIPS

Doctoral Scholarship, <i>Fundación Ramón Areces</i>	<i>2023 - Present</i>
Full Scholarship, <i>Sabancı University</i>	<i>2021-2023</i>
Merit-based Scholarship, <i>Borusan Holding Company</i>	<i>2016-2021</i>

PRESENTATIONS (*: SCHEDULED)

2026: LSE Environment Camp, London(*); BSE PhD Jamboree, Barcelona; IAEE Student Conference, Online; Energy Workshop, Madrid; EnergyEconLab Meetings, Madrid
2025: FIRMS PhD Workshop, Madrid; Center for Economic Design Graduate Student Symposium, Istanbul

ACTIVITIES

Member, Internal Compliance Unit, <i>CEMFI</i>	<i>2025 - Present</i>
Co-organizer, FIRMS PhD Workshop, <i>CEMFI</i>	<i>2025 - Present</i>

SKILLS

Computing: R, Python, Stata, MATLAB, $\LaTeX$
Languages: Turkish (Native), English (Fluent), Spanish (Intermediate)
Test Scores: IELTS: 7.5/9, TOEFL: 101/120, GRE Quantitative: 169/170
